

HLT 6011A - HLT 4006A

Lighting Towers

The Hassanein HLT6011 - HLT 4006A lighting tower is built and designed for all environments, the tower offer complete flexibility with 360 degree rotation.

Features Tough

- Full tubular steel frame trailer
- 30 foot all steel mast
- 4 x 400 watt metal halide lights
- 4 point outrigger stance.

Reliable

- 4 stroke diesel engine
- Sincro alternator
- Low oil pressure / high engine temperature automatic shut down
- Protective start limit breaker
- Individual light breaker switches
- Individual ballast boxes

Easy to use

- 360 degree mast rotation
- 120V and 240 volt convenience outlets
- Hour meter
- Lockable cabinet
- Guide on the mast
- Easy access for service

Engine specifications

Make / brand	Lombardini
Model	LDW2204
Aspiration	Natural
Type	Diesel, Liquid cooled , 4 stroke
Power - prime HP (KW)	32,3 (24.25)
Power - Stand by HP (KW)	35.3 (26.5)
Operating speed rpm	1500
Displacement cubic in (L)	134.2 (2.2)
Fuel consumption prime GPH(LPH)	1.81 (6.85)

Model	HLT 6011A	HLT 4006A
Lighting Power	6000 W	4000 W
Tower Height	Up to 9m	Up to 9m
Tower Rotation	Manual 360°	Manual 360°
Engine Manufacturer	Ruggerini	Lombardini
Engine Type	RD290	6LD400
Engine Power	10.5 KW	5.8 KW
Cooling	Air Cooled	Air Cooled
Speed	1500 rpm	3000 rpm
Type of Fuel	Diesel	Diesel
Number of Cylinder	2 Cyl.	1 Cyl.
Starting	Electric Starting	Electric Starting
Generator Manufacturer	Mecc-alte	Mecc-alte
Generator Type	BTO3 - 1L/4	S16W - 150/2
Generator Power	11 KVA	5.7 KVA
Electrical Distribution	230 Vac	230 Vac
Fuel Tank Capacity	50 liters	40 liters
Fuel Consumption	2.2 l/hr	1.60 l/hr
